Report of the Policy Development Committee: Review of the Capital Programme (Nov 08/05)

1. In September 2005 the Cabinet requested that the capital programme be subject to annual scrutiny by the Policy Development Committee in order to keep it up to date and to identify any pieces of work which are no longer a priority. The annual review is undertaken at this time of the year as part of the budget setting process.
2. The Committee carried out this year's annual review of the programme, which had been updated and rescheduled, and also received an update on the project and programme management techniques which had been introduced in 2006, and which were now fully embedded across the Council.
3. The discussion covered a number of areas including the potential effect of local government reorganisation on the capital programme and what that might mean for planned investments.
4. The Committee **RECOMMENDS that the rescheduled Capital Programme, as detailed in Appendices 1 and 2 of Report Z284, be approved.**
