## Cabinet 25 March 2009

### Report of the Policy Development Committee: Community Centres Review Progress Report

1. A review of community centres was conducted in 2007, involving elected members, officers and members of the community. An action plan was agreed, and on 11 March 2009 the Committee received a progress update, which advised that many actions had been completed, and the community centres continued to serve their communities well.
2. Some actions had not yet been progressed, but would be programmed for the next 2 years, and monitored through the service planning process for Environmental Health and Housing.
3. Management arrangements for Chalkstone Community Centre were still being considered internally, and whilst some initial discussions had taken place with the Town Council, this action was still ongoing.
4. Cabinet is **RECOMMENDED to delegate responsibility for further investigating options for Chalkstone Community Centre to the Corporate Director for Community, in consultation with ward members and the Portfolio Holder for Community.**
