***similar textual changes to the draft Bury St Edmunds Vision and the Draft Bury St Edmunds Infrastructure Delivery Plan prior to publication for consultation purposes.***

Report D370, which has been previously circulated in hard copy to all Members of the Council, presents the latest version of the Bury St Edmunds Vision 2031 submission document, and supporting documents, for approval for consultation prior to submission to the Secretary of State. Consultation took place commencing March 2012 on the 'Bury St Edmunds Vision preferred options' and this submission version seeks to comment upon, and respond to where appropriate, the representations received in response to the earlier consultation.

It is considered that the submission version is greatly improved as a result of both the earlier consultation, and as a result of an assessment against the content of the Government's March 2012 published National Planning Policy Framework. As a result the Bury St Edmunds Area Working Party has been asked to recommend to Cabinet that this Bury St Edmunds Vision 2031 submission document be approved for consultation to commence in June 2013.
