### **3. Corporate priorities/Strategic Priorities**

3.1 The recommendation(s) meet the following, as contained within the Corporate Plan:

- (a) Corporate priority: *'working together for an efficient council'*; and
- (b) Strategic priority: *'being an efficient and effective Council'*.

### **4. Key issues**

4.1 Accident /incident reports are completed every time there is an accident or incident at work involving a member of staff, or a member of the public on our premises.

4.2 RIDDOR reports have to be submitted to the Health and Safety Executive (HSE) whenever there is:

- (i) death;
- (ii) a serious injury;
- (iii) amputation;
- (iv) loss of sight, permanent or temporary;
- (v) someone is taken to hospital and is admitted for more than 24 hours;
- (vi) a member of staff is not seriously injured, but spends more than 7 days off work as a result of that injury;
- (vii) illness that resulted from exposure to a biological agent, or its toxins or infected material; and
- (viii) acute illness or loss of consciousness arising from absorption of any substance by inhalation, ingestion or through the skin.

4.3 These incident reports are read by the Health and Safety Manager to identify accident trends, if any, and to put in place measures to mitigate further injury.

10.1 It is a legal requirement under health and safety legislation to maintain a safe working environment for all staff and users of our facilities. Reporting of injuries under RIDDOR is a requirement of the Health and Safety at Work etc Act 1974. The main purpose of the regulations is to generate reports to the HSE and to Local Authorities (enforcing authorities) alerting those to serious accidents or incidents, so they can be investigated and action taken to prevent reoccurrence.
