Prior to the formal meeting, at 5.00pm informal discussions took place on the following three items:

- (1) Balanced Scorecards and Quarter 3 Performance Report 2016-2017;
- (2) West Suffolk Strategic Risk Register Quarterly Monitoring Report – December 2016; and
- (3) Work Programme Update.

All Members of Forest Heath District Council's Performance and Audit Scrutiny Committee had been invited to attend West Suffolk House, Bury St Edmunds to enable joint informal discussions on the above reports to take place between the two authorities.

The Chairman of St Edmundsbury's Performance and Audit Scrutiny Committee welcomed all those present to West Suffolk House, Bury St Edmunds and advised on the format of the proceedings for the informal joint discussions and subsequent

separate meetings of each authority, prior to handing over to the Chairman of Forest Heath's Performance and Audit Scrutiny Committee, who would be chairing the informal joint discussions.

Members noted that each Council permitted public participation at their Performance and Audit Scrutiny meetings. Therefore, for the purpose of facilitating these Constitutional requirements, it was proposed that public speaking should be permitted prior to the start of the informal discussions to enable any questions/statements to be considered by both Performance and Audit Scrutiny Committees on items 1 – 3 above. On this occasion however, there were no questions/statements from members of the public.

Each report was then considered in the order listed on each authorities agenda.

1. **Balanced Scorecards Quarter 3 Performance Report 2016-2017**

*[Councillor Peter Thompson arrived at 5.05pm during the consideration of this item]*

The Business Partner (Resources and Performance) presented the report, which set out the West Suffolk Balanced Scorecards being used to measure the Council's performance for 2016-2017 and an overview of performance against those indicators for the third quarter of 2016-2017. The six balanced scorecards (attached at Appendices A to F) were linked to the Head of Service areas, which presented the third quarter performance.

Most indicators reported performance against an agreed target using a traffic light system with additional commentary provided for performance indicators below optimum performance.

In quarter one, the performance against the "% telephone calls answered" indicators was below target levels across all areas. During quarters two and three the performance against these targets had increased and were getting back towards the levels seen during the 2015-2016 financial year despite call volumes still being higher than comparable periods last financial year.

It was reported that there had been a slight increase corporately in the performance against the indicator "% of non-disputed invoices paid within 30 days" since quarter two. The figure in September 2016 was 87.63%, whereas the December 2016 figure was 93.1%.

The finance and performance team would continue to work with service areas to try and improve performance against this indicator, with monthly business intelligence reports being sent out with details of all invoices processed.

Members considered the report and asked questions. In particular discussions were held on Appendix F (Housing), housing options and the number in Bands A and B. Officers provided the current breakdown for Bands A and B (West Suffolk 897; St Edmundsbury 552; Forest Heath 345). Members asked for future quarterly reports to include a breakdown of the figures showing the split for West Suffolk, St Edmundsbury and Forest Heath in the comments box.

2. **West Suffolk Strategic Risk Register Quarterly Monitoring Report – December 2016**

The Service Manager (Finance and Performance) the quarter three risk register monitoring report for 2016-2017 in respect of the West Suffolk Strategic Risk Register.

The Register was updated regularly by the Risk Management Group and at its recent meeting in December 2016 the Group reviewed the target risk, the risk level where the Council aimed to be, and agreed a current risk assessment. These assessments formed the revised West Suffolk Risk Register (Appendix 1).

Some individual controls or actions had been updated and those which were not ongoing and had been completed by December 2016 had been removed from the Register. There had been no new risks or amendments made to any existing risks or any existing risks closed since the Strategic Risk Register was last report to the Committee.

With regards to the EU Referendum and Britain's exiting of the EU, the Group would continue to monitor the situation as it developed over the next quarter, amending existing and/or adding new risks where necessary. Any changes made would be reported at the next meeting of the Performance and Audit Scrutiny Committee.

Members considered the report and noted that each quarter presented was relatively stable, and raise no issues.

3. **Work Programme Update**

The Head of Resources and Performance presented the report, which provided information on the current status of each Committee's Work Programme for 2017-2018.

Members considered the report and did not raise any issues.

On the conclusion of the informal joint discussions at 5.07pm, Members of Forest Heath District Council's Performance and Audit Scrutiny Committee withdrew from Conference Chamber West to Conference Chamber East to hold their formal meeting.

The Chairman then formally opened the St Edmundsbury Borough Council's Performance and Audit Scrutiny Committee in Conference Chamber West at 5.15pm.

Attached at Appendix A and B to the report was details of the Council's revenue performance and year end forecasted outturn position. The current forecast position for the year end was expected to be a slight underspend against budget of £34,000.

Appendix C to the report set out the Council's capital financial position for the first nine months of 2016-2017, which showed expenditure of £1,892,000. Finally, a summary of earmarked reserves was attached at Appendix D, along with the forecast year end position for 2016-2017.

The Resources Team would continue to work with Budget Holders to monitor capital spend and project progress closely for the remainder of the financial year and an updated position would be presented to the Committee on a quarterly basis.

The Committee scrutinised the report in detail and asked a number of questions to which comprehensive responses were provided. In particular discussions were held on the variances over £25,000 for trade waste; off-street car parks and homelessness.

In response to a question raised regarding homelessness, it was reported that the figure represented the cost of those who presented themselves as homeless to the Council.

Members also discussed the brown bin service and the subscription renewals which would be due for renewal shortly. Officers informed members that an on-line direct debit system would be brought in shortly, which would make it easier for residents to subscribe to the service.

There being no decision required, the Committee **noted** the Quarter 3 financial performance and the 2016-2017 year end forecast financial position.

#### 137. **Delivering a Sustainable Medium Term Financial Strategy 2017-2020**

The Committee received Report No: PAS/SE/17/005, which updated members on progress made towards delivering a balanced budget for 2017-2018 and sustainable budget in the medium term.

In November 2016, the Committee received Report No: PAS/SE/16/029, which set out the context of the 2016-2017 budget and the MTFS, including details of savings targets, budget assumptions and know pressures for 2017-2020. This report (PAS/SE/17/005) gave an update on that position.

Additional pressures and progress made to date in achieving the 2017-2020 savings target, were set out in Table 1 of the report. It was proposed that these be incorporated into the budgets, over and above those items brought to the Committees' attention in November 2016, as part of Report No: PAS/SE/16/029.

It was reported that the council's pension contribution rate had risen from 27.7% to 28.2% in 2017-2018 following the triennial review, and this had been afforded within the existing salary budgets. Work also continued on the property and projects work packages and would be concluded for the main Budget and Council Tax Report to Cabinet and Council in February 2017. The aim being to achieve a balanced budget position across the medium term and to use reserves and one-off budgetary savings, if necessary, to balance the budget in the short term.

The Performance and Audit Scrutiny Committee was asked to support and recommend to Cabinet the inclusion of the proposals, as set out in Table 1, in order to progress securing a balanced budget for 2017-2018 and delivering a sustainable MTFS 2017-2020.

The Committee scrutinised the report in detail and asked a number of questions to which officers duly responded. In particular discussions were held on the process used for setting the Council Tax levels, which was carried out at the end of the budget process.

The Committee noted the progress made on delivering a sustainable Medium Term Financial Strategy 2017-2020.

Councillor Beccy Hopfensperger moved the recommendation, this was duly seconded by Councillor Patricia Warby, and with the vote being unanimous, it was:

**RECOMMENDED**

**That the proposals as detailed in Table 1 at paragraph 1.2.1 of Report No: PAS/SE/17/005 be included in order to progress securing a balanced budget for 2017-2018.**

**138. Treasury Management Report 2016-2017 and Investment Activity (April - December 2016)**

The Committee received Report No: TMS/SE/17/001, which had been considered by the Treasury Management Sub-Committee on 16 January 2017. The Head of Resources and Performance provided a verbal update on the Sub-Committee's consideration of the report which presented the Council's third quarter Treasury Management Report summarising the investment activities for the period to 31 December 2016.

It was reported that at the end of December 2016, interest earned during the first nine months of the financial year amount to £327,926, an over-achievement of £119,814. The over-achievement of interest was predominantly due to higher cash balances being available for investment than expected. These increases were mainly due to timing differences in the collection and payment of Council Tax, NNDR and other revenue streams, and underspends relating to the budgeted capital programme. The reduced average rate of return was due to the reduction in the Bank of England base rate and resulting reduction of interest rates offered by institutions.

As at 31 December 2016, the Council held £55,450,000 in investments, and the Council had no borrowings or temporary loans.

The Sub-Committee had scrutinised the investment activity for 1 April to 31 December 2016, and asked questions to which officers duly responded. In particular members discussed the different daily interests rates offered by various institutions.

The Performance and Audit Scrutiny Committee considered the report and asked questions to which responses were provided.

Councillor David Nettleton moved the recommendation, this was duly seconded by Councillor Patricia Warby, and with the vote being unanimous, it was

## **RECOMMENDED**

**That subject to the approval of Council, the Treasury Management Report for the period 1 April to 31 December 2016, attached at Appendix 1 to Report No: TMS/SE/17/001, be approved.**

The report also included information on interest rate projections and counterparty ratings and lending criteria.

The Sub-Committee noted that the final prudential indicators would be updated as part of the Medium Term Financial Strategy, and approved by Council in February 2017.

The Sub-Committee scrutinised the report in detail and asked a number of questions, to which responses were provide. In particular discussions were held on the revised interest rate projections from Sector (the Council's advisors), which were based on the current economic climate; and the option of short or long term borrowing available to the Council and whether there was any other prospects for borrowing.
