13. Exemption to Contract Procedure Rules: Solar PV Installation Works under the West Suffolk Solar for Business Scheme

Portfolio Holders: SEBC Cllr Susan Glossop and

FHDC Cllr Lance Stanbury Lead Officer: David Collinson

Summary and Reason for Recommendation:

Solar PV installation works under the West Suffolk Solar for Business scheme

Section 4.3 of the West Suffolk Contract Procedure Rules state that:

'Between £50,001 and the EU Threshold, any exemption must be approved by the Officer and the relevant Assistant Director in consultation with the Assistant Director for Resources and Performance. The Officer must provide evidence to support the request for any exemption and the relevant Assistant Director shall prepare a report for the next Cabinet to support the action taken, hence this agenda item.'

The exemption, which was exercised on 21 February 2019, the reason for it (together with supporting evidence) has been forwarded to the Assistant Director for Resources and Performance for approval.

On 31 March 2019, the Government's Feed In Tariff (FiT) closes for new installations. Any solar installation not registered by 31 March 2019 deadline will not secure the FiT tariff.

An open tender was completed in January 2019 but some new sites have come forward since this tender that require the West Suffolk Councils to act immediately in order to secure the FiT tariff. Value for money can be demonstrated as we can reference the January 2019 tender prices.

By registering and installing these additional sites with the Government's FiT within the deadline will generate approximately

£265,000 in FiT payments alone. By awarding this contract we are guaranteed this income over the next 20 years. Overall, these installations will deliver £1.1 million of revenue to the Councils.

The West Suffolk Councils have been delivering the West Suffolk Solar for Business service since 2015 and the end of the FiT will impact the financial returns of the scheme.

An exemption from Section 4.3 of the Contract Procedure rules is, therefore, sought to allow the Works to be commissioned through an installer who won installation lots through the January 2019 tender, and who can deliver new installations within the FiT registration period. Value for money will be assured through a bench marking and quotation process.

The total value of the exemption is £465,000 and was made under the following exemption criteria, as stated in Section 4.5 of the Contract Procedure Rules:

Exemption category

Unforeseen works where delay will adversely impact on the service delivery for the Council(s).

The feed in tariff closes on 31 March 2019, so new sites must be registered immediately to benefit from the financial support mechanism.

Recommendation:

The Joint Executive (Cabinet) Committee is requested to **NOTE** this exemption to the West Suffolk Contract Procedure Rules, as contained in FHDC's and SEBC's Constitutions.

Part 2 - Exempt

16. Exclusion of Public and Press

To consider whether the press and public should be excluded during the consideration of the following items because it is likely, in view of the nature of the business to be transacted or the nature of the proceedings, that if members of the public were present during the items, there would be disclosure to them of exempt categories of information as prescribed in Part 1 of Schedule 12A of the Local Government Act 1972, and indicated against each item and, in all circumstances of the case, the public interest in maintaining the exemption outweighs the public interest in disclosing the information.

17. Exempt Appendices: Newmarket Cinema and Restaurant Development: Outline Business Case (para 3)
