

TREASURY MANAGEMENT MONITORING REPORT 2015/16

Introduction

1. This document outlines Treasury Management activity, during the period from 1 April to 30 September 2015 with reference to general performance, monitoring against approved strategy and compliance with the Treasury Management Code of Practice.

Base Rates and Interest Rate Trends

2. During the period 1 April to 30 September 2015 the Bank Base Rate remained unchanged at 0.50%, consequently for internally managed funds we continued to receive low interest receipts.

Borrowings

3. The Prudential Code gives local authorities more flexibility to borrow as a means of funding capital investment.
4. On the 31 March 2008 Forest Heath District Council borrowed £4.0M to part fund the new Newmarket Leisure Centre. It is a long term loan, for 70 years, to the 31 March 2078, at a rate of 4.24%, with interest payable in arrears on the 31 March and 30 September each year. The loan is on a LOBO basis, which stands for Lender's Option Borrower's Option, which gives the lender the opportunity to increase the interest rate at pre-set dates through the period of the loan, but also gives the Council the option to repay the loan and any accrued interest if they do not want to accept these new terms.
5. The Lender's Option Date is the 31 March 2018 and thereafter, the last Business Day of each successive period of five years. Appropriate requirements for notice periods for the Lender and the Borrower are set out in the loan instrument.
6. The first interest payment for 2015-16, £84,567.67, was paid on 30 September 2015.

Temporary Loans

7. Temporary Loans are currently held on 7 days repayment notice, and the balance of Temporary Loans outstanding at 30 September 2015 was £2,300.
8. During the period 1 April to 30 September 2015, there were no temporary loans repaid.
9. Interest is paid half yearly on the 30 September and 31 March each year. However, due to the current economic environment and a Bank base rate of

0.50%, under the terms of the loans the Council is not required to make any interest payments at present (interest rate payable is 0.5% below base rate). All temporary loan holders have been notified of the situation and they have also been advised that there will not be any further interest payments at the end of each half year, until such time as there is an increase in the Bank base rate. They have also been given the option to request repayment of the temporary loan for investment elsewhere.
