# 1. Key issues and reasons for recommendation(s)

### 1.1 **Key Issues**

- 1.1.1 This is the third quarter financial monitoring report, which includes year end forecast outturn figures for large variance items we are aware of.
- 1.1.2 Details of the Council's revenue performance and year end forecasted outturn position can be found in **Appendix A** and **B.** Explanations of the main year end forecast over / (under) spends can be found in the table at 1.2.3.
- 1.1.3 The Council's capital financial position for the first nine months of 2015/2016 shows expenditure of £3,669,269. Further details are provided in **Appendix C**.
- 1.1.4 A summary of the earmarked reserves can be found at **Appendix D** along with the forecast year end position for 2015/16.

# 1.2 **Revenue Performance**

- 1.2.1 The current forecast position for the year end is expected to be on budget. Details are set out in **Appendix A** and **B**.
- 1.2.2 Members are requested to note the current position and the significant variances as outlined in the paragraphs below. Budget holders will continue to work with Resources Business Partners and Business Support Advisors for the remainder of the financial year in order to monitor the forecast position and an outturn position will be provided to this committee at the end of the financial year.
- 1.2.3 Year end forecast variances over £25k are explained in the table below.

Year end forecast variance: Over / (under) spend	Explanation
(£62,000)	Higher than anticipated planning fee income.
(£45,000)	Additional trade waste sales revenue and sale of scrap materials.
(£40,000)	Higher levels of interest income received due to greater level of cash balances being held.
(£25,000)	Business rates expenditure on vacant commercial properties is less due to the lower number of vacant units.
£30,000	Additional cost due to agency fees for Waste & Cleansing Operatives.
£95,000	Building control income underachievement, coupled with additional costs associated with changes in the staffing structure to ensure service delivery.
£100,000	Less income expected to be received from Flagship as part of the VAT Shelter Agreement. Projections from Flagship used in the 2015/16 budget process are now not expected to materialise at the level anticipated.

# 1.3 **Capital Position**

- 1.3.1 The Council has spent £3,669,269 of its capital budget of £14,505,247 at the 31 December 2015.
- 1.3.2 The table below is a high level summary of capital expenditure against budget for 2015/16, as well as the year end forecast variances. Further details by capital project can be found at **Appendix C**. The Resources Team will continue to work with Budget Holders to monitor capital spend and project progress closely for the remainder of the financial year and an updated position will be presented to this committee at the end of the financial year.
