- (1) A letter of support has been received from the director of Human Givens College. The letter confirms that both applicants are well-established Human Given psychotherapists, who achieved distinctions in their training and have run successful clinics in Essex. Their desire was always to create a regional centre of excellence for Human Givens therapy and the chosen site meets their requirements perfectly. The director believes the centre will be of great benefit to a wide range of people, at both local and wider community levels and requests that his support be taken into consideration.
