1. Key issues and reasons for recommendation(s)

1.1 Background

- 1.1.1 It is necessary to review and update the indicators and formats for Balanced Scorecards at least annually to reflect organisational changes and to ensure they remain in line with the councils strategies.
- 1.1.2 When reviewing the scorecards it is worthwhile reminding ourselves of the original objectives as follows:

'All of our transformational activities require us to understand our performance. We continue to assess, manage, monitor and develop our overall approach to performance management. This is important because we need information on inputs, outputs, outcomes, risks, use of resources and how we manage projects, both for our own services and those of our partners.'

1.1.3 Having consulted Assistant Directors, other officers and Portfolio Holders the 2017/18 Balanced Scorecards have been adjusted as drafts as attached for review and discussion.

These new formats incorporate;

- All known agreed changes suggested during 2016/17 or as part of this annual review
- Integration of the previous 'Housing' Balanced scorecard into its new management structure across the organisation

1.2 **Performance Measures**

- 1.2.1 Attached at **Appendices A** to **E** are the proposed Balanced Scorecards (based on Assistant Director area) for 2017/18 performance. Growth is in with Planning and Regulatory but will be looked at during 2017-2018 following recruitment of the Assistant Director for growth. Unless otherwise stated, all performance figures on the scorecards are from a West Suffolk perspective.
- 1.2.2 The information included in the report has been provided by Assistant Directors and service managers. Most indicators will report performance against an agreed target using a traffic light system with additional commentary provided for performance indicators below optimum performance as mentioned above. Other KPIs report a data value only (e.g. no target performance) in order to track performance over time.
- 1.2.3 The targets are annual to give the full years impact here even where they are reported quarterly on a period or cumulative basis in the reports that go to the Performance and Audit Scrutiny Committee quarterly.
