*Making a difference for dogs*

## **Kennel Club Response to St Edmundsbury Borough Council Public Spaces Protection Order Consultation**

Submitted on 17<sup>th</sup> March by: The Kennel Club, Clarges Street, Piccadilly, London W1J 8AB, tel: 020 7518 1020, email: [kcdog@thekennelclub.org.uk](mailto:kcdog@thekennelclub.org.uk)

The Kennel Club is the largest organisation in the UK devoted to dog health, welfare and training, whose main objective is to ensure that dogs live healthy, happy lives with responsible owners. As part of its External Affairs activities the Kennel Club runs a dog owners group KC Dog with approximately 5,000 members, which was established to monitor and keep dog owners up to date about dog related issues, including Public Spaces Protection Orders (PSPOs) being introduced across the country.

As a general principle we would like to highlight the importance for all PSPOs to be necessary and proportionate responses to problems caused by dogs and irresponsible owners. It is also important that authorities balance the interests of dog owners with the interests of other access users.

### **Response to proposed measures**

#### **Dog fouling**

The Kennel Club strongly promotes responsible dog ownership, and believes that dog owners should always pick up after their dogs wherever they are, including fields and woods in the wider countryside, and especially where farm animals graze to reduce the risk of passing Neospora and Sarcocystosis to cattle and sheep respectively.

We would like to take this opportunity to encourage the local authority to employ further proactive measures to help promote responsible dog ownership throughout the local area in addition to introducing Orders in this respect.

These proactive measures can include: increasing the number of bins available for dog owners to use; communicating to local dog owners that bagged dog poo can be disposed of in normal litter bins; running responsible ownership and training events; or using poster campaigns to encourage dog owners to pick up after their dog.

#### **Dog access**

The Kennel Club does not normally oppose Orders to exclude dogs from playgrounds, or enclosed recreational facilities such as tennis courts or skate parks, as long as alternative provisions are made for dog walkers in the vicinity. We would also point out that children and dogs should be able to socialise together quite safely under adult supervision, and that having a child in the home is the biggest predictor for a family owning a dog.

We acknowledge and welcome the seasonal dog exclusion order on sports pitches but ask the local authority to consider whether or not access restrictions are absolutely necessary. If they are deemed to be needed, we believe 'in use' restrictions would be more

appropriate. We are aware in many areas, dog walkers do allow their dogs to exercise on playing fields when they are not in use. If of course they are in use we understand the safety reasons behind restrictions.

The council should be aware that dog owners are required, under the Animal Welfare Act 2006, to provide for the welfare needs of their animals and this includes providing the necessary amount of exercise each day. Their ability to meet this requirement is greatly affected by the amount of publicly accessible parks and other public places in their area where dogs can exercise without restrictions. This section of the Animal Welfare Act was included in the statutory guidance produced for local authorities by the Home Office on the use of PSPOs.

### **Assistance dogs**

We welcome the proposed exemptions for assistance dogs. There are in total seven charities training registered assistance dogs in the UK that we submit should be included. We would suggest that to find out more information about the range of assistance dogs now legally recognised under disability legislation in the UK that need to be accommodated, go to [www.assistancedogs.org.uk](http://www.assistancedogs.org.uk).

For the proposed dog fouling measure we suggest the Council adopts the following wording

These offences does not apply to a person who –

- a) is registered as a blind person in a register compiled under section 29 of the National Assistance Act 1948; or
- b) has a disability which affects his mobility, manual dexterity, physical coordination or ability to lift, carry or otherwise move everyday objects, in respect of a dog trained by a prescribed charity and upon which he relies for assistance.

For the dog access restrictions including dog exclusion and dogs on lead we submit the Council adopts the following wording -

- a) is registered as a blind person in a register compiled under section 29 of the National Assistance Act 1948; or
- b) is deaf, in respect of a dog trained by Hearing Dogs for Deaf People (registered charity number 293358) and upon which he relies for assistance; or
- c) has a disability which affects his mobility, manual dexterity, physical coordination or ability to lift, carry or otherwise move everyday objects, in respect of a dog trained by a prescribed charity and upon which he relies for assistance.

### **Appropriate signage**

It is important to note that in relation to PSPOs the “The Anti-social Behaviour, Crime and Policing Act 2014 (Publication of Public Spaces Protection Orders) Regulations 2014” make it a legal requirement for local authorities to –

“cause to be erected on or adjacent to the public place to which the order relates such notice (or notices) as it considers sufficient to draw the attention of any member of the public using that place to -

- (i) the fact that the order has been made, extended or varied (as the case may be); and
- (ii) the effect of that order being made, extended or varied (as the case may be).”

With relation to dog access restrictions such as a “Dogs Exclusion Order”, on-site signage should make clear where such restrictions start and finish. This can often be achieved by signs that on one side say, for example, “You are entering [type of area]” and “You are leaving [type of area]” on the reverse of the sign.

While all dog walkers should be aware of their requirement to pick up after their dog, signage should be erected for the PSPO to be compliant with the legislation.
