- (b) Dispensation will not be granted as a matter of course. A clear case for the dispensation will have to be made by the proprietor in writing. In determining an application it will normally be the status of the passenger and the executive of the work that will indicate whether or not the dispensation should be granted. STRETCH LIMOUSINES USED AS PRIVATE HIRE VEHICLES

These conditions made under the Local Government (Miscellaneous Provisions) Act 1976 are specific to a vehicle adapted by lengthening the wheelbase of a standard, factory-built vehicle. For the purpose of these conditions the vehicle is classed as a 'Special Events Vehicle'. They apply in addition to the Authority's standard conditions for Private Hire Vehicles.

Guidance Notes

1. A 'stretch limousine' is a saloon type vehicle that has undergone an increase in length by extending the wheelbase after manufacture. For the purpose of these conditions, it will be restricted to carrying up to, but not exceeding, 8 passengers.
2. An 'American stretch limousine' is a stretch limousine imported from the USA and typically will have been manufactured originally by Lincoln (Ford) or Cadillac.
3. The licensing of any vehicle will be dependent upon the Council being satisfied that the vehicle is suitable in size, type and design for use as a Private Hire (Special Events) Vehicle.
4. In making a judgement of a vehicle's suitability the Council will consider its age, mechanical condition, mileage, appearance, bodywork condition and safety features. When presented for licensing the first time the vehicle must have either European Whole Vehicle type approval or UK Low Volume type approval, or Single Vehicle Approval.
5. The Council will at its discretion consider licensing 'American Stretch Limousines' provided that conversion works have been carried out under the Ford Qualified Vehicle Modifier (QVM) or the Cadillac Master Coachbuilder (CMC) programmes.
6. It will be the vehicle proprietor's responsibility to obtain all necessary documentation to support the provenance of the vehicle to the satisfaction of the Council. All relevant approval certificates, including the American certification must be provided to the Council. It should be noted that a Minister's Approval (MAC) Certificate is not on its own acceptable.
7. The maximum length of the 'Stretch' shall not exceed 120 inches/3048mm.
8. The Council may at its absolute discretion consider licensing vehicles that are left-hand drive (i.e. the steering wheel being on the near side), have some side-facing seats, and have tinted glass.

1. No external fitting will be permitted other than an aerial to receive radio or other transmissions.
2. Alcohol may not be sold on a moving vehicle. Any alcohol sold as part of the hire agreement can only be sold under an appropriate premises licence. No

person, under the age of 18 years, being conveyed in a stretch limousine shall be allowed to consume alcohol.

A proprietor shall ensure that the vehicle is, and remains at all times throughout the period of licensing in such a condition so as to comply with all current standard conditions made by Forest Heath District Council in relation to Private Hire Vehicle licences. In addition vehicles must comply fully with all relevant statutory requirements and be operated in accordance with the conditions made by Forest Heath District Council in relation to Private Hire Vehicle Operators licences.
4. All limousines shall be subject to mechanical test and inspection at intervals no greater than 26 weeks during the currency of the licence. Such test and inspection is in addition to Ministry of Transport testing (MOT) and must be at a testing station approved by the Council to carry out such tests and inspections. It should be noted that such tests and inspections may have to be carried out at premises operated by the Vehicle and Operator Services Agency (VOSA).

2. The Council has adopted a disciplinary code, which sets out the principles and procedures by which such contraventions will be dealt with by the Council. Any matter considered under this policy must also be dealt with in accordance with the Council's Corporate Enforcement Policy.
3. The purpose of the scheme is to give licensees clear guidance about the consequence of non-compliance with the Council's licensing requirements. Licensees who fail to comply with statutory provisions, the Council's bylaws or any other of the Council's licensing requirements will have appropriate action taken against them. Depending on the nature of the contravention such action may take the form of:
 - a) A verbal warning
 - b) Written warning
 - c) Awarding of penalty points
 - d) A simple caution
 - e) Suspension or revocation of licence

5. Where appropriate the Council's Licensing Officer has discretion to give a verbal warning for a first offence in any category. Any subsequent offences will be subject to penalty points in accordance with the scheme.
6. Where it is suspected that a licensee has breached statutory provisions, the Council's Bylaws, has contravened any of the Council's Standard Conditions or has been convicted of a criminal offence, whether it be for driving or motoring, or something totally unconnected with driving or motoring the Council will:
 - a) Carry out appropriate investigations;
 - b) Invite the licensee to respond to the allegation;
 - c) Inform the licensee of the outcome of the investigation.
7. Where penalty points are awarded by an authorised Officer of the Council the licensee will be given 14 days in which to appeal in writing to the Council's Head of Planning and Regulatory Services. If no appeal is lodged within that period, penalty points in accordance with the notice will be recorded against the licensee and endorsed on his/her record.

8. Penalty Points will be removed from the licensee's record three years after the date on which they were recorded.
9. Where a licensee incurs 12 penalty points or more in any three year period the matter will be reported to the Licensing Committee. This report will recommend that the licence be suspended, the length of suspension being a minimum of one day for each point incurred. Once a period of suspension has been served, all penalty points relating to the period of suspension will be set back to 0 but can be considered in future disciplinary hearings if deemed relevant.
10. In circumstances where the Council's authorised Officer having given due consideration to the facts of the case is of the opinion that the imposition of penalty points may not be appropriate, a licensee may be required to appear at a meeting of the Licensing Committee. Such instances would include:
 - a) Breaches of insurance conditions. (licensed private hire vehicles applying for hire);
 - b) A conviction for reckless driving or driving without due care and attention;
 - c) Failure to disclose a conviction (non-vehicle related).
11. Appearance before the Licensing Committee could result in suspension, revocation or refusal to renew a licence. The Licensing Committee may consider the driver to complete the Level 2 Certificate in Taxi Driving if appropriate.
12. Any person whose licence is suspended, revoked or not renewed in this way may appeal to the Magistrates Court against the Council's decision. Appeals must be lodged with the Magistrates Court within 21 days of notification of that decision.
13. A driving conviction will incur the same number of penalty points as are endorsed on the DVLA licence.
14. **It should be noted that a vehicle licence will be suspended immediately it becomes apparent that a vehicle may not be properly insured.**

INTERPRETATION

15. The penalty point scheme is self-explanatory but the following situations may require further explanation:
 - a) Where licensee is an owner/driver, are both licences suspended when a total of 12 penalty points have accrued, some against the driver's licence and others against the vehicle?

No. The scheme states that, where a licensee incurs **more than 12** penalty points in period of three years, the licence will be suspended. Penalty points will accrue against either the vehicle or the driver licence and any suspension will only apply when 12 points have accrued against one or the other.

- b) What is the position where a licensee owns multiple vehicles?

Following the same logic, points will accrue against particular vehicle licences and only those licences where the 12 point ceiling is exceeded will

be suspended. This may mean that a proprietor owning several vehicles could incur a substantial number of penalty points without ever having a vehicle licence suspended. However, if a profile emerges that a proprietor has penalty points against all or most of the vehicles in his fleet, the Council could consider whether he/she is a 'fit and proper person' to be a licensee.

- c) What happens when a vehicle is changed?

The licence number remains constant when the vehicle is changed. Therefore, once penalty points are endorsed on a vehicle licence they will remain valid, even if the vehicle is changed in the meantime.

- d) What happens when a vehicle licence is transferred?

In this scenario any penalty points recorded on a vehicle licence would become null and void. It would not be fair or reasonable to transfer the penalty points incurred by one licensee to another.

VARIABLE PENALTY POINTS OR REFERRAL TO LEVEL 2 TRAINING

In circumstances where the contravention is such that it does not fit within groups 1/3 then the appropriate officer, having given full consideration to the facts of the case will, decide on the number of the penalty points to be awarded, or if the driver should be referred for further training in the format of a Level 2 qualification. This would include instances where a complaint was found to be justified relating to:

- a) Over charging.
- b) Refusing to carry a guide or assistance dog or disabled passenger.
- c) Not moving forward on rank as soon as space is available.
- d) Unnecessarily idling in a rank and/or on the highway.
- d) A failure to behave in a civil, orderly, seemly and courteous manner.
- e) Failure to assist any passenger.
- f) Failure to complete any mandatory training as directed by the Council.

Drivers can appeal decisions to be referred for the level 2 qualification in writing to the Head of Department. This will result in a hearing in front of the Licensing Sub-Committee for consideration. Persistent breaches could result in the revocation of the licence and or prosecution under relevant legislation.
