| Will this investigation hit one of the essential elements of a scrutiny review when analysing potential scrutiny reviews? If so, which (please tick) | |
|---|--|
| Public Interest: The concerns of local people should influence the issues chosen by overview and scrutiny. | |
| Impact (Value): Priority should be given to issues that make the biggest difference to the social, economic and environmental wellbeing of the area, and which have the potential to make recommendations which could lead to real improvements. The outcome must also be proportionate to the cost of carrying out the review in terms of staff and councillor time. | |
| Relevance: Overview and scrutiny must be satisfied that an issue identified for review is relevant and does not duplicate existing work being undertaken elsewhere by various Working Groups, Cabinet, partners etc. | |
| Partnership working or external scrutiny: The focus of scrutiny is moving towards joint action and community leadership, so anything which offers this opportunity should be given serious consideration. | |
