1. Key issues and reasons for recommendation(s)

1.1 Key Issues

1.1.1 Monitoring year-end financial performance plays an important role in understanding how the Council's financial plans and strategies have contributed towards the achievement of the Council's priorities.

1.1.2 The councils continue to face considerable financial challenges as a result of uncertainty in the wider economy and constraints on public sector spending, declining interest receipts and increased demand on front line services such as Housing Benefits and homelessness along with the reduction in central government grant funding. In order to respond to these pressures, Forest Heath and St Edmundsbury, working in partnership as West Suffolk have been tackling these changes together since 2010. We saved in excess of £4m annually through sharing services and are continuing this savings and transformation journey through the creation of a new single Council from April 2019, with a further £800k of savings and efficiencies planned.

1.1.3 This report gives the final outturn position for both councils for the year 2017/18.

Appendix A shows the Forest Heath revenue year end position as a break-even against budget, with explanations of significant variances over £50k. Further details are given in appendices B and C.

Forest Heath's capital financial position for year end 2017/18 shows expenditure of £2,486,880. Further details are provided in **Appendix D**.

Appendix F shows the St Edmundsbury revenue year end position as an underspend of £35,523, again with explanations of significant variances over £50k.

In accordance with the recommendations from report COU/SE/18/004 "Budget and Council Tax Setting: 2018/2019 and Medium Term Financial Strategy 2018-2022", the St Edmundsbury £35k underspend will be transferred to the council's Invest to Save reserve (included at **Appendix J**).

St Edmundsbury's capital financial position for the year end of 2017/18 shows expenditure of £14,712,450. Further details are provided in **Appendix I**.

1.1.4 As we move into the 2018/19 budget monitoring process, the 2017/18 year end outturn figures will be taken into consideration as we continue to review and challenge our ongoing budget assumptions going forward.

1.1.5 The councils hold a variety of reserves which are earmarked for specific purposes as outlined to Council in February as part of the Budget and Council Tax Setting reports. These include reserves to fund the management of council assets and reserves committed to support the strategic objectives and medium term financial strategy.

A summary of the earmarked reserves along with the year-end position for 2017/18 can be found at **Appendix E** for Forest Heath and **Appendix J** for St Edmundsbury.

- 1.1.6 Please note that the numbers reported here are subject to the final stages of the councils' 2017/18 accounts closure process and the review from external auditors Ernst & Young. These figures may change depending on the findings and outcomes of those pieces of work, however any changes will be reported to this committee as part of the final accounts report in July 2018.
