

## Working Paper 2

TPO Ref. No.	Species (Common Name)	Condition	Retention Span	Visibility	Other Factors	Expediency	Total	Decision	Notes
T1	Silver Birch	5	2	4	1	3	15	Merits TPO	Good form and condition.
T2	Silver Birch	1	1	4	-	-	6	TPO Indefensible	Basal wound, fails to meet criteria for TPO
T3	Pine	3 (2)	2	4	1	3	13 (12)	TPO Defensible	Bifurcated stem, overall fair condition with 20-40 years remaining longevity.
T4	Pine	3 (2)	4	4	1	3	15 (14)	Merits TPO	Bifurcated stem, overall fair condition with 20-40 years remaining longevity.
T5	Pine	3	4	4	1	3	15	Merits TPO	Overall fair condition with 40-100 years remaining longevity
T6	Pine	3	4	5	2	3	17	Merits TPO	Fine specimen, no justification for not serving a TPO

<b>TPO Ref. No.</b>	<b>Species (Common Name)</b>	<b>Condition</b>	<b>Retention Span</b>	<b>Visibility</b>	<b>Other Factors</b>	<b>Expediency</b>	<b>Total</b>	<b>Decision</b>	<b>Notes</b>
T7	Willow	3	2	4	1	3	13	TPO Defensible	Normal form and condition, contributes highly to the amenity greenspace
T9	Lime	1	2	4	5	3	15	Merits TPO	I believe that this should be considered as potential veteran status. The perceived 'extensive' works are not prevented by TPO being served. Remedial works are likely to be granted through a TPO application.
T10	Pine	3	4	4	1	3	15	Merits TPO	Small squat tree, not uncommon for species type. Contributes to the amenity greenspace.
T16	Lime	1	2	4 (3)	1 (-)	3 (-)	11 (6)	TPO Defensible	Poor past pruning with overall poor condition, however, highly visible from public

									areas and 20-40 year remaining longevity
T28	Lime	3	2 (0)	4 (-)	1 (-)	2 (-)	12 (3)	TPO Defensible	The perceived future nuisance is not currently an issue which in turn should not impact the serving of the TPO, appropriate management of the tree would abate any potential future issues.
T32	Silver Birch	3	2	3	1	2 (-)	11 (9)	TPO Defensible	Fair condition for species type. Very few trees in locality which significantly increases the amenity provided by this tree
T47	Silver Birch	3	2	3	1	2 (-)	11 (9)	TPO Defensible	Fair condition for species type. Very few trees in locality which significantly increases the

									amenity provided by this tree
G2	Group of Pines	3	4	3	3 (0)	3	16 (13)	Merits TPO	These pines are generally short with squat crowns. The twisted stems are not uncommon, it is characteristic of Pine lines in the wider area. The condition is considered to be fair with a remaining longevity of 40-100 years.
