## **1. Introduction and Purpose**

- 1.1 West Suffolk Councils have a clear set of Strategic Priorities that set out what the councils are aiming to achieve from 2018 to 2020.
- 1.2 During 2017/18 the performance management approach was reviewed with the intention of developing a performance framework that enables understanding of progress towards those strategic priorities as well as giving insight on the delivery of the large range of day-to-day services to the residents of West Suffolk (Report PAS/SE/18/013 "2018-2019 Draft Performance Indicators and Targets" dated 31 May 2018 refers).
- 1.3 The purpose of this evolution and development of the performance management framework is to ensure that management information supplied to the Performance and Audit Scrutiny Committee, Cabinet and Leadership Team clearly shows:
- Progress towards strategic goals;
  - Insight on initiatives that will ensure future progress;
  - Areas that require decisions and actions to keep on track to their goals;
  - Items with a significant level of risk associated with them;
  - Flexibility in approach allowing the escalation of performance successes and challenges; and
  - Inclusion of qualitative information as part of our overall story/messaging around performance.
- 1.4 In previous years Performance Indicators and Budget Monitoring figures were reported separately to this committee. It is now the intention to combine these reports in order to give a clearer indication of the councils' overall performance.
