1. Key issues and reasons for recommendation(s)

- 1.1 Statutory requirements for the reporting and approval of the Council's annual financial statements are set out in the Accounts and Audit Regulations 2015. The regulations require the Council to submit draft accounts to its external auditors (currently Ernst and Young) by 31 May each year, with member scrutiny and approval of the accounts required once the audit has been concluded (by 31 July each year).
- 1.2 This is the first year that these new deadlines have been in place. Previously the draft accounts had to be submitted to auditors a month later than the new requirements (by 30 June), with the audit conclusion and member scrutiny taking place by 30 September (i.e. 2 months later).
- 1.3 In order to meet the tighter timescales, Ernst and Young undertook early work prior to the completion of the accounts in February and March 2018, with the main audit commencing in June 2018. The results of Ernst and Young's review of the accounts are provided in the Annual Results Report, which is included on this Committee's agenda. The attached accounts (**Appendix A**) have been amended (as appropriate) to take on board issues raised by the audit process up to the date of distribution.
- 1.4 The auditors intend to issue an unqualified opinion on the financial statements and to issue a VFM conclusion that the Council has made the appropriate arrangements to secure economy, efficiency and effectiveness in our use of resources.
- 1.5 The 2017/18 accounts have been prepared in accordance with International Financial Reporting Standards (IFRS) and the Chartered Institute of Public Finance and Accountancy's Code of Practice on Local Authority Accounting in the United Kingdom (the Code) which is updated annually to reflect statutory and regulatory changes to accounting policies.

2. Financial Highlights – 2017/18

- 2.1 External economic pressures and uncertainty are continuing to impact on the finances of the Council. A full commentary on the financial performance of the Council can be found in the Narrative Report on pages 2 to 9 of the Statement of Accounts, key aspects of which are highlighted below:
- 2.2 **Revenue Expenditure** - The revenue outturn position at 31 March 2018 was an underspend of £35.5k. This underspend was achieved against an annual total income of around £75m. Details of major variances can be seen in the report reference PAS/SE/18/015, entitled 'Financial Performance Report (Revenue and Capital) Outturn - 2017/18' considered by this committee on 31 May 2018. At the end of the year, the general fund reserve balance remained at £3m.
- 2.3 **Capital Expenditure** - Actual capital programme spend for the year was £14.7m which included investment in the council's commercial asset portfolio and Suffolk Business Park, expenditure on West Suffolk Operational Hub and purchase of vehicles and plant. Details of the major variances on the capital programme can also be seen in report PAS/SE/18/015.

- 2.4 **Usable Reserves** - The Council has a track record of sound financial management. An integral part of the Council's financial strategy is to ensure that usable reserves are maintained at a healthy level. Usable reserves are split into two main categories; revenue reserves (the General Fund and Earmarked reserves) and unallocated capital reserves (i.e. Capital Receipts Reserve and Capital Grants Unapplied Reserve). During 2017/18 the total value of the Council's usable revenue and capital reserves decreased from £36.5m (at 1 April 2017) to £33.7m (at 31 March 2018), a net decrease of £2.8m. Further details regarding the movement on reserves during the year are provided on page 14 of the Statement of Accounts.
- 2.5 **Pension Fund** - The Local Government Pension Scheme is a national statutory scheme which, for Suffolk authorities, is administered by Suffolk County Council. Annual scheme valuations based on International Accounting Standards (IAS 19) are undertaken for the purposes of the Council's annual financial statements. As at 31 March 2018, the Council's IAS19 pension valuation disclosed an overall fund deficit of £46.3m, compared to £46.8m at 31 March 2017. The decrease in deficit is primarily due to the financial assumptions at 31 March 2018 being more favourable than at the beginning of the year. It must be emphasised that this change in the Pension Fund's reported IAS19 deficit position has no immediate impact on the Council's General Fund or council tax payers, as the contribution rates to the Suffolk County Council pension fund are determined by a separate triennial actuarial review and not the IAS19 valuations. Further details regarding the Council's pension fund performance are provided on page 4 of the Statement of Accounts.

3. Annual Governance Statement

- 3.1 The Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. This review is undertaken in line with the CIPFA/SOLACE '*Delivering Good Governance in Local Government Framework*' guidance. The outcome of this review forms the basis of the Annual Governance Statement (AGS) which was considered earlier on the agenda. The AGS does not form part of the Statement of Accounts (and is not covered by the Chief Finance Officer's certification or the audit report) but will be included alongside it in the final published accounts.

4. Payments to Councillors

- 4.1 Note 27 in the Statement of Accounts (Member's Allowances, page 54) provides summary total figures for Councillor allowances and expenses.
- 4.2 A more detailed analysis of these allowances, broken down by Members, is published online in accordance with the statutory responsibility to disclose this information as part of the local government transparency agenda. As agreed when the 2016/17 accounts were presented to this committee, a link to the website location is provided below in lieu of an additional appendix:

5. Conclusion

- 5.1 St Edmundsbury, like almost every public and private sector organisation in the Country, continues to face considerable financial challenges as a result of uncertainty in the wider economy and constraints on public sector spending. Within this climate the Council has striven to drive out costs whilst continuing to maintain services to the public. In view of the significant financial challenges faced by the Council, the budget underspend in 2017/18 was a positive result. Officers took action where possible to reduce expenditure during the year, in order to plan for future financial pressures. The challenge continues as service demand increases in many areas and projected Government funding levels continue to fall.
