1. Background / Context

- 1.1 The Council agenda for 22 May includes an item for the appointment of Councillors to committees on a politically balanced basis.
- 1.2 It has now been confirmed that Councillors have divided into 4 groups; Conservative Group (36 members), Spectrum Group (12 members), Independent Group (11 members) and Labour Group (5 members).

2. Proposals

- 2.1 Initial calculations indicated that as a result of the division, there is no perfect answer as to how seats should be allocated to groups, and therefore at least one group would be left with fewer seats than it was entitled to.
- 2.2 To resolve the situation, it is recommended to increase the membership of the Standards Committee to 7 members. This leads to the allocation of seats as attached at Appendix A, and the allocation of substitutes as attached at Appendix B.

3. Consultation and engagement

- 3.1 The proposals within this report have been subject to consultation with leaders of the political groups.

4. Appendices

- 4.1 Appendix A: Allocation of seats on politically balanced committees
Appendix B: Allocation of substitutes on politically balanced committees
Appendix C: Terms of Reference (previously attached)
