**Decisions Plan:** This item is included in the Decisions Plan

**Wards impacted:** All Wards

**Recommendation:** It is recommended that, the Performance and Audit Scrutiny Committee:

- 1. Make recommendations to Cabinet and Council regarding the approval of the Treasury Management Strategy Statement 2022 to 2023 (as set out in Appendix 1); and**
- 2. Make recommendations to Cabinet and Council regarding the approval of the Treasury Management Code of Practice (as set out in Appendix 2).**

## **1. Treasury Management Strategy Statement**

- 1.1 The Chartered Institute of Public Finance and Accountancy's (CIPFA) Treasury Management Code of Practice requires that, prior to the start of each financial year, the Council formally approve a Treasury Management Policy Statement and Investment Strategy which sets out its treasury management policy and strategy for the forthcoming year.
- 1.2 The purpose of this report is to present those strategy statements to the Financial Resilience Sub-Committee for consideration.

## **2. Treasury Management Code of Practice**

- 2.1 The Chartered Institute of Public Finance and Accountancy (CIPFA) recommend that all Councils adopt a Treasury Management Code of Practice based on the treasury management practices published by CIPFA and guidance issued in their Code of Practice.
- 2.2 Adherence to the principles of the CIPFA Code should ensure that Treasury Management activities within the Council are effectively managed and adequately controlled.
- 2.3 Following two rounds of consultation, a new Treasury Management Code of Practice was published on 20 December 2021. Due to the timing of the release of this new document, any changes from it have not been incorporated into the Treasury Management Strategy Statement and Treasury Management Code of Practice for 2022 to 2023 (**Appendix 2**). Any changes will be reviewed over the course of the next financial year and incorporated into the Treasury Management Strategy for 2023 to 2024, or earlier if they are deemed to a significant change which requires more immediate implementation.

## **3. Treasury Advisors**

- 3.1 The Council currently uses Arlingclose Ltd as its treasury advisors.
- 3.2 The Treasury Management Strategy Statement and Code of Practice have been compiled in line with advice from Arlingclose.

## **4. Borrowing Strategy**

- 4.1 The Council currently holds £14 million of loans, an increase of £10 million on previous years, as part of its strategy for funding previous years' capital programmes. The Council expects to externally borrow in 2022 to 23 to fund parts of its capital programme. The Council may also borrow additional

sums to pre-fund future years’ requirements, providing this does not exceed the authorised limit for borrowing of £87.21 million.

4.2 The overall objective is to strike a balance between securing low interest costs and achieving certainty of those costs over the period for which funds are required. This will lead to a mixture of short term and longer term borrowing to take place, with advice being taken over the most advantageous mix with the view to keeping future interest costs low, even if this causes some additional cost in the short term.

4.3 The different sources of borrowing can be found in the Treasury Management Strategy Statement at **Appendix 1**.

## 5. Investment Strategy - Counterparty Ratings

5.1 The Council uses the Arlingclose credit rating method in conjunction with information available from other industry sources to identify suitable counterparties for investments. The Council may invest its surplus funds with any of the counterparty types in the table below, subject to the limits shown.
