## 1. Context to this report

- 1.1 Community Safety Partnerships (CSPs) were introduced in 1998 under Section 17 of the Crime and Disorder Act 1998 and amended by the Police Reform Act 2002. A CSP is a statutory body comprising of the following partner organisations: police, local authorities, probation, clinical commissioning group and fire and rescue services. The Western Suffolk CSP covers West Suffolk Council, Babergh and Mid Suffolk council areas. Representatives from Youth Justice Service, registered social landlords and education have been co-opted to the partnership.
- 1.2 Over the past year the Western Suffolk Community Safety Partnership (WSCSP) has continued to meet and discharge its statutory duties by:
- Carrying out an assessment of crime and disorder in the area;
  - Delivering a three-year plan and action plan to reflect the priorities of the partnership and
  - Carrying out Domestic Homicide Reviews.
- 1.3 A review of the WSCSP action plan was completed in June 2021 and, following discussion with statutory partners, the plan was updated formally agreed by the WSCSP Responsible Authorities Group in June 2021.
- 1.4 Based on the outcomes of the partnership discussions the following priorities remained as a focus for the WSCSP:
- County lines:** Widening the scope of county lines to encompass all types of criminal exploitation including modern slavery. Workstreams including supporting victims, engaging with communities, agreeing an awareness and training programme, safeguarding vulnerable adults at risk and young people being criminally exploited.
  - Violence against women and girls:** This priority includes actions to address domestic abuse, sexual violence, modern slavery and sexual exploitation.
  - Hate crime:** including the identification and support for victims of hate crime, working with partners to raise awareness and continue to build confidence in communities to report hate crime incidences.
  - Prevent:** as part of the Government's CONTEST strategy to counter terrorism, "prevent" aims to raise awareness within communities to stop people being drawn into terrorism and ensure they are given advice and support at an early stage.
  - Domestic Homicide reviews:** Ensuring the WSCSP continues to carry out effective reviews, appropriate action plans and shares learning across organisations in Suffolk.
- 1.5 As part of the partnership's annual review of the action plan and identifying emerging issues it was also agreed to adopt Anti-Social Behaviour as a priority for 2021–2022.

- 1.6 Section two of this report provides more detail of the progress made to address these priorities.

## **2. Proposals within this report**

### **2.1 Criminal Exploitation**

- 2.1.1 County lines activity underpins serious and organised crime, which results in links to other criminal activity such as child and adult criminal exploitation, trafficking and modern slavery.
- 2.1.2 County lines activity is distinctively different to local drug activity due to the high levels of violence demonstrated and the involvement of young children groomed to be “runners” and carry weapons.
- 2.1.3 County lines are operating in Suffolk and the number of lines varies at any given time.
- 2.1.4 In West Suffolk there is not currently an identified issue with urban street gangs (USG), but there are emerging gang culture behaviours seen within the cohort of young people who are involved, or on the periphery of being involved in county lines.
- 2.1.5 Over the last year the WSCSP has continued to work with partners to address the wider issues of criminal exploitation as well as monitoring county lines activity.
- 2.1.6 Criminal exploitation training and awareness sessions were commissioned throughout the year and continue to be part of partners’ programme of ongoing training. Over the past year West Suffolk Council trained officers have delivered awareness sessions. Two sessions have been for internal staff, engaging with over 15 council staff and one session has taken place within a school setting, engaging with 20 staff members.
- 2.1.7 The WSCSP has also worked closely with staff at Suffolk County Council to commission external partners to provide more in-depth training to staff. Over the last year an extensive training package has been developed that consists of various options for partners including:
- a. Webinars both training and awareness raising
  - b. Online training
  - c. Workshops both online and in person covering topics such as: child criminal exploitation, parent and carers, criminal exploitation, disrupting exploitation and working with young people.

- 2.1.8 These training sessions were available throughout the year and will continue as part of the WSCSP commitment to raising awareness amongst our partners and communities. From March 2021 through to April 2022 over 20 different types of criminal exploitation training has taken place and engaging with staff from West Suffolk Council, Community Action Suffolk, Adult Community Services, schools and West Suffolk College, and WSCSP partners.
- 2.1.9 As part of the County Lines Intensification Week in 2021 officers engaged with taxi drivers, hotel staff and Air BnB representatives to start raising awareness of criminal exploitation. Over the next year this work will continue to ensure appropriate training is offered.

The VAWG steering group will oversee the action plan to ensure progress is made in line with agreed timescales and outcomes.
