

APPENDIX D

Representation 1

Mr Kevin Talbot

Received via email on 10/06/2022

LICENSING OBJECTIVE	REASON FOR REPRESENTATION
<p>PREVENTION OF CRIME AND DISORDER</p>	<p>This license will increase the numbers of people, vehicles, music and alcohol which is not appropriate for a quiet residential area and significantly raises the risk of criminal and disorderly behavior and therefore will add extra workload for our stretched police and ambulance service which already covers multiple bars/clubs.</p> <p>There is already a lack of parking on All Saints Road and this license will promote parking on the double yellow lines directly outside the proposed premise which is already an issue.</p> <p>There have been multiple incidents of violence, drunk and disorderly behavior in the church gardens which have been recorded which the police if you would like to check the records SC-22112019-404, SC-31122019-330, SC-01042022-389, we do not need more.</p> <p>(please see extra email evidence attached)</p>
<p>PREVENTION OF PUBLIC NUISANCE</p>	<p>This building is joined to my house [REDACTED] and my lounge/dining room, 2 bedrooms and garden are joined directly to the wall of the proposed premise. All sound however little travels through the wall including doors closing and people talking. I used to know when Corals closed as I could hear the door close at 8:30pm every night.</p> <p>I work from home in peace and this will disrupt me during day hours and at night I will be kept awake by the proposed recorded and live music.</p> <p>I also have a 6 year old daughter that I only see every other weekend, she will not be able sleep with noise coming through day and night.</p> <p>This premises will become a new pre or post drink location for late night revelers which this area does not have currently.</p> <p>(please see extra photos attached)</p>
<p>PUBLIC SAFETY</p>	<p>The path past the premises is used by mothers and children when All Saints Primary School finishes and they are walking home, they should not have to be exposed to more people under the influence of Alcohol during the day.</p>
