5. Are there any concerns that the strategy could have a differential impact in terms of equality?

The table below highlights where we believe the project will have a positive or negative impact on a particular group.

	Explanation
Gender	The Homelessness Strategy plans positively for the residents in West Suffolk and will benefit all homeless people regardless of gender. We monitor the gender profile of homeless cases and will take action if required.
Race	The Homelessness Strategy will have no negative impact upon people in terms of race. It plans positively for the residents in West Suffolk and will benefit all homeless people regardless of race.
Disability	We expect the strategy to have a positive impact on this group. The re-provision of temporary accommodation will facilitate the provision of more suitable and accessible accommodation.
Sexual Orientation	The Homelessness Strategy will have no negative impact upon people in terms of sexual orientation. It plans positively for the residents in West Suffolk and will benefit all homeless people regardless of sexual orientation.
Age	<p>Older people (60 +):</p> <p>The Homelessness Strategy will have no negative impact upon older people in terms of age. It plans positively for the residents in West Suffolk and will benefit all homeless people regardless of age.</p> <p>Younger people:</p> <p>We expect the strategy to have a positive impact on this group. The strategy includes plans to engage with partners on specific multi-agency homeless prevention projects to improve the support given to young homeless people across West Suffolk. We monitor the age profile of homeless cases and will take action if required.</p>
Belief or Religion	The Homelessness Strategy will have no negative impact upon people in terms of belief or religion. It plans positively for the residents in West Suffolk and will benefit all homeless people regardless of belief or religion.

Language	The Homelessness Strategy will have no negative impact upon people in terms of language. It plans positively for the residents in West Suffolk and will benefit all homeless people regardless of language. Translation services are available to ensure language is not a barrier.
Social inclusion and rural isolation	<p>Low Income:</p> <p>We expect the strategy to have a positive impact on this group. Households on a low income are likely to have fewer options available to them than those on a higher income when threatened with homelessness. This strategy seeks to assist such affected people.</p> <p>Rural Isolation:</p> <p>The Homelessness Strategy will have no negative impact upon people in terms of rural isolation. It plans positively for the residents in West Suffolk and will benefit all homeless people.</p> <p>Social Inclusion:</p> <p>We expect the strategy to have a positive impact on the provision of specialist housing and support as we plan to set up a task and finish group to develop a model for housing chronically excluded adults and will continue to lead on the county-wide partnership to develop a 'move-on' strategy for marginalised adults.</p>
Other Groups	No other group has been identified that the Homelessness Strategy will impact upon. It plans positively for the residents in West Suffolk and will benefit all homeless people.
