1. Key issues and reasons for recommendation(s)

1.1 Annual Report 2014/15

1.2 **Interest Earned from Treasury Investments during the year**

1.2.1 The table below summaries the interest earned during 2014/15 on the various Treasury Investments held by the Council.

| 1.2.2 | TREASURY MANAGEMENT – INTEREST EARNED SUMMARY | | | | |
|-------|---|-------------|-------------|--|--|
| | | 2014/15 | | | |
| | | £ | £ | | |
| | CDCM/ Tradition Investments | 432,188.69 | 512,357.90 | | |
| | In-House Investments | 20,294.63 | 24,282.81 | | |
| | Lloyds 95 day Notice Account | 9,521.76 | 0.00 | | |
| | Barclays FIBCA | 8,944.07 | 10,265.13 | | |
| | NatWest LSA | 1,562.28 | 4,261.67 | | |
| | TOTAL INTEREST EARNED/ACCRUED | £472,511.43 | £551,167.51 | | |

- 1.2.3 The budgeted income from investments in 2014/15 was £372,418, interest actually earned during the year totalled £472,511, an overachievement of £100,093. This overachievement was mainly due to increased cash flow/money available for investment as a result of the timing of large value transactions such as NNDR receipts and payments and capital programme.
- 1.2.4 Although interest earned during the year was over budget, the continuing low base rate and subsequent low rates of return available in the marketplace have had an impact on the level of income from investments during 2014/15 compared to previous years.

2. <u>Market Activities</u>

- 2.1.1 Given the continued volatility in the financial markets, the Council, like many others, continues to find itself in one of the most challenging times for Treasury Management activities. The Council continues to hold its general policy objective, which is to invest surplus funds prudently, with security of our investments as our primary objective.
- 2.1.2 Base rate remained at 0.5% throughout the year and most market analysts continue to predict that this will continue into 2015/16 with a small staged increase not expected until the third or fourth quarter of 2015.
- 2.1.3 Investment returns continue to be one to two basis points above or below base rate, depending on duration. New investments for one year or more are attracting returns around 1%.
- 2.1.4 Markets will continue to be closely monitored and higher rates of return secured whenever possible.

3. <u>Borrowings</u>

3.1.1 On 31 March 2008 Forest Heath District Council borrowed £4.0m from Barclays Bank Plc, to part fund the new Newmarket Leisure Centre. It is a long term loan, for 70 years, to 31 March 2078, at a rate of 4.24%, with interest payable in arrears on the 31 March and 30 September each year. The loan is on a LOBO basis, which stands for Lender's Option, Borrower's Option, which gives the lender the opportunity to increase the interest rate at pre-set dates throughout the period of the loan, but also gives the Council the option to repay the loan and any accrued interest if they do not wish to accept these new terms.

- 3.1.2 The first Lender's option date is the 31 March 2018 and thereafter, the last Business Day of each successive period of five years. Appropriate requirements for notice periods for the Lender and Borrower are set out in the loan instrument.
- 3.1.3 Interest paid on the Barclays loan during 2014/15 totalled £170,064.66.

3.2 **Temporary Loans**

- 3.2.1 The only other debt that the Council has is on a short term basis (i.e. 364 days or less) in the form of temporary loans in accordance with the 2014/15 Treasury Management Strategy.
- 3.2.2 The balance of principal outstanding for temporary loans as at 31 March 2015 was \pounds 2,300. No loans were repaid during the financial year 2014/15. The table below shows the temporary loans outstanding as at 31 March 2015.
