1. Key issues and reasons for recommendation

1.1 **Key Issues**

A new approach to Risk

- 1.1.1 The Committee received Report No: PAS/FH/15/017, which set out a new, positive approach to risk based on context, proportionality, judgement and evidence-based decision making that was considered on a case by case basis.
- 1.1.2 The new approach to risk was based on seven core principles as detailed in Appendix 1 to Report No: PAS/FH/15/017.
 - A positive approach;
 - Contextual decision making;
 - Informed risk-taking;
 - Proportionate;
 - Decision risks vs delivery risks;
 - A documented approach; and
 - Continuous improvement.

The new approach to risk commits staff and members to evidence-based decision making that is considered on a case by case basis, taking into account the seven principles set out above.

Evidence-based Risk Management

- 1.1.3 Attached at Appendix 2, to the report was a flowchart which provided a summary of the various tools and documents that supported this evidence-based approach. It was these documents and tools that would enable the Council to achieve a learning culture which supported staff and members, enabling managed risk-taking through positive relationships.
- 1.1.4 The West Suffolk Strategic Risk Register already aligns the Council's new risk management approach and principles and would continue to remain a key evidence-based document for members. As the balanced scorecard was developed the strategic risk contained in the current register would start to become part of the Balanced Scorecard enabling another of the performance dependencies to be available within a single place for each service area for scrutiny.

Dissemination and implementation

- 1.1.5 Once scrutinised and agreed, it was intended that it underpinned all thinking about risk by Members and staff. A communication plan would be developed to ensure that all Members and staff were aware of the principles and the available tools. The new approach would be reviewed periodically to ensure it continued to be fit-for-purpose, and relevant to the new types of decisions that both councils were making.
- 1.1.6 The Performance and Audit Scrutiny Committee considered the report and has put forward a recommendation as set out on page one of this report.
